

THANK YOU FOR YOUR INTEREST IN HOMEWATERS CLUB

Thank you for your interest in HomeWaters Club. Since the Club's founding in September of 2001, HomeWaters has grown to become one of the premier fly fishing clubs in the world. Today, the Club provides our members and guests many miles of private access to some of the best trout streams in Pennsylvania.

WORLD CLASS FISHING

Over the years HomeWaters has become known for the large number of really BIG brown and rainbow trout that live in our streams. This is accomplished with careful management of the blue-ribbon streams running through our properties. Key tenets of our management practices are catch and release fly fishing only, single barbless hooks, limited fishing pressure (no property is fished more than 50% of the days in a calendar month), and arguably the best cadre of knowledgeable guides in the world. These practices insure a high-quality experience every time a member fishes a Club property.

MANY WAYS TO ACCESS THE FISHING & FACILITIES AT HOMEWATERS CLUB

As we've grown over the last 20+ years, HomeWaters has added facilities and amenities to our flagship property in Spruce Creek, PA that makes us a great destination for more than just fly fishing. Because of this, we've created a number of ways to access facilities and services. Our non-member Retreat Program provides the casual-guest access, Emerger Packages are designed to allow a prospective member a test drive of the Club, and there are two categories of Membership offering 8 levels of access.

RETREAT PROGRAM

Provides non-members access at ala carte rates, more than 8 months a year.

EMERGER (SHORT TERM ACCESS) PACKAGES

Packages designed to provide prospective members the experience of membership before committing long term.

THE ESCAPE MEMBERSHIPS

The most cost-effective memberships ever offered by HomeWaters. There are three levels of Escape Membership designed to provide all the benefits of membership 8 ½ months a year

HORIZON MEMBERSHIPS

Only Horizon Members can access HomeWaters best streams at the best times of the year. There are 3 levels of Horizon Memberships designed for the fly fishing family, plus two corporate levels designed with the business in mind.

MEMBERSHIP AVAILABILITY

The Club closely monitors and restricts the number of active Horizon and Escape Members. To this point, contact the Club's Membership Director, Mike Harpster, for up-to-date information on membership availability at (814) 686-6214 or email him at mharpster@homewaters-club.com
