

# LIMITED ACCESS EMERGER PACKAGES

The Emerger Packages are designed to provide limited access to the Club's streams for anglers that would like to first "test the waters". There are TWO different levels of Emerger Packages to choose from:

**MEMBER-FOR-A-DAY**  
**SEVEN-DAY EMERGER**

---

## ONE-DAY "MEMBER-FOR-A-DAY" PACKAGE

The best form of advertising is word of mouth. Here are a few words from recent first-time visitors to the Club. "...a perfect introduction to trout fishing for her. Brad was wonderful and very patient..." "...What fishing!!! Please send me membership information when possible..." "...Can't wait to get back out..." Well, we couldn't say it any better ourselves.

The Member-for-a-Day Package includes a night of lodging, full day of guided fishing on Club's private property, breakfast, lunch & dinner for one or two anglers.

The package price is \$999 for one or two guests. For as little as \$499.50 per guest, plus taxes, license and gratuities, come experience the Club like a member....for a day!

Note: Member-for-a-Day packages are designed as an introductory package and are not meant to replace membership. An angler may only purchase one Member-for-a-Day package per lifetime.

## SEVEN-DAY EMERGER ACCESS PACKAGES

---

The Seven-Day Emerger Package allows an angler and a guest to enjoy eight days of private fly fishing access to the Club's portfolio of 10+ miles of the best trout waters in the Lower 48 states, with no blackout periods. As a Seven-Day Emerger, you have three years to use the seven days of access. These days can be taken all at one time or used a day or two at a time. Each day includes 8 hours of guided fishing on a private Club property, flies and rental equipment if needed, breakfast (if utilizing Club lodging) and lunch. The price of \$9,500 for the Seven-Day Emerger provides access for two anglers each day.

Should you decide to apply for Membership within a year from purchasing the Seven Day Emerger, a portion of your package cost will be applied toward your new membership. Amount varies between \$250 and \$1,500 depending on category and level of membership. See the Membership Director for further details.

Note: Certain blackout dates apply for the Member-for-a-Day Emerger Packages based on season and location of Clubs waters. Emerger Packages may be scheduled up to 60 days in advance based on availability. The Club limits the number of active Seven-Day Emerger Packages at any given time. Call for availability.

Please contact the Club's Membership Director, Mike Harpster, for up to date membership information and availability at (814) 686-6214 or email him at [mharpster@homewaters-club.com](mailto:mharpster@homewaters-club.com).
